

## Nejat Society Albania's Conference in Fier

January 20, 2025

On Friday, January 17, 2025, a conference was held in Fier, Albania, by the Nejat Society Albania, with the cooperation and facilities of the Municipality of Roskovec, in the town hall.

Roskovec (Albanian definite form: Roskoveci) is a town and a municipality in Fier County, south-central Albania. The municipality was formed at the 2015 local government reform by the merger of the former municipalities Kuman, Kurjan, Roskovec and Strum, that became municipal units.

Albora Cenaj, the head of the city's municipal museum, was the coordinator of the affairs between the Nejat Society Albania and the municipality. She actively prepared the requirements for the meeting to be held in the municipal hall. She had seen the coverage of the conference and the documentary screening in the city of Shkodër and became interested in the topic. In her previous meetings with Erisa Rahimi, the head of Nejat Society Albania, she had said that she would support the Society because it pursues humanitarian goals.

## Message from the President of the Nejat Society Albania

### ON THE OCCASION OF THE NEW YEAR

**JANUARY 1, 2025**

Greetings to all my dear compatriots and also to all the Iranian families of the members trapped in the Mujahedin-e Khalq (MEK) camp in Manez.

I congratulate you on the arrival of the year 2025, I wish it to be a year full of goodness and blessings for all of you.

We also hope that the year 2025 will be the year of the connection of Iranian families with their loved ones trapped in the People's Mujahedin Organization camp in Manez and the realization of the fundamental rights of the current members of this organization and that good and new events will take place in this year.

## Albanian TV channel SOT7 interview Aldo Sollulari and Erisa Idrizi

**January 12, 2025**

Albanian TV channel SOT7 interviewed the cast, director Aldo Sollulari, and actress and translator Erisa Idrizi about the documentary Mother, Love, Separation in a live broadcast.

The 50-minute live broadcast has received 2,700 views and 52 comments on the channel's Facebook page in less than 24 hours. About his recent interview with this strongly pro-Israel and anti-Islamic Republic TV channel, Aldo Sollulari says:

In my recent interview, I made a strong call against terrorism and highlighted the potential threats posed by the MEK group. I stated that they will try to attack me, disrupt festivals, and hinder other activities, but I also emphasized that I have the full support of the Albanian state, and no one can stop me.

## The lack of freedoms and human rights in the MEK camp in Albania

### IN SEARCH OF FREEDOM

JANUARY 22, 2025

Ashraf 3 camp is a place where members of the Organization of the Mujahideen of Iran (MEK) have been sheltered after leaving Iran and previous attempts to fight the Iranian regime. This analysis focuses on the lack of freedom and human rights in this camp, examining how living conditions and restrictions imposed on MEK members reflect their deprivation of freedoms and fundamental rights.

One of the most noticeable aspects of the lack of freedom at Ashraf 3 camp is the restriction of the movement of individuals. MEK members are locked inside the camp and have very little opportunity to travel outside of it. This restriction is a sign of isolation and a lack of autonomy, making them feel confined in a tight space, unable to enjoy the freedom to choose their lives.

.....

The lack of freedom and human rights in Ashraf 3 camp is a reality that has profound impacts on the lives of MEK members. They are deprived of opportunities to enjoy life the way they please, to have open and free relationships, and to express their opinions without fear. This isolation and lack of freedom is a reflection of the difficult and unfair conditions they face, creating an oppressed and controlled environment, where freedom is a seemingly distant aspiration.

## The hypocrisy of MEK

January 25, 2025

In general, you can divide MEK supporters into two categories. The first, the majority, are those who never ever spent a day in the MEK ranks, especially during their time in Iraq at Camp Ashraf.

The second group, maybe two handfuls, are those who were actually members of the MEK at a certain period of time. Almost all for a very short period of time. Yet very soon realized the reality of the cruelty and brutality of the cult life and escaped with promises of leaving and continuing support for the MEK from afar.

.....

The next time you come across one of them, simply just ask them why they don't go and join the MEK if they are all that they claim they are?

### **RESPONSE OF THE CEO OF THE NEJAT SOCIETY TO ALDO SULOLLARI**

Mr. Aldo Sulollari, Media Director of the Nejat Society of Albania I congratulate you and your esteemed family, especially your dear mother, who has always supported the Nejat Society of Albania and understands the pain and suffering of Iranian mothers who have been separated from their children in the Manz camp, on the New Year, and I hope that the new year will be a year full of blessings and success.

I have heard many times from families that they are grateful to God that people like you and your family are friends and helpers of the Nejat Society of Albania and sincerely work towards the goals of the Nejat Society and bear the problems arising from this type of activity.

In the last conference call we had, we reviewed many plans together, which I hope we will carry forward one by one in the coming year with the help of God and the efforts of you, the members of the Nejat Society of Albania and the support of families in Iran.

What you wrote in your message was only your kindness and grace for me, otherwise I do not consider myself worthy of these definitions.

Thank you very much.

Good luck

Ebrahim Khodabandeh
