

Butterfly Gallery, an exhibition run by Nejat Society Albania

August 4, 2025

In light and warmth of art and sound and thoughts, Nejat Society Albania organized the “Butterfly” exhibition – a gallery of photographs and caricatures that speak aloud. Placed carefully in every corner of the hall, these artistic works narrate the history and the life of Mujahedin-e Khalq (MEK).

The “Butterfly,” the symbol of freedom and transformation, was not chosen by chance. Like the butterfly emerging from its cocoon, many of the former MEK members have emerged from the darkness of manipulation and isolation, to finally find light and free air in Albania.

.....

On behalf of the Nejat Society Albania and in solidarity with all those who have suffered under the MEK’s oppression, this gallery remains a window of hope and courage. Because every butterfly that rises above the earth is a soul that has regained freedom.

How much did Maryam Rajavi pay you?

August 3, 2025

Rudy Giuliani says he is “honored” to do interviews all day about Maryam Rajavi

Maryam Rajavi the leader of the Mujahedin-e Khalq (MEK) hosted former New York mayor Rudy Giuliani together with some other retired politicians in Rome, Italy. It seems that Rome gathering was an opportunity for former America’s Mayor to be “Honored to do interviews all day today about Maryam Rajavi and her ten point plan to have a free and democratic Iran”, as he stated on his X ac-

count. However, X users slammed him with a crucial question: How much did Maryam Rajavi pay him?

The exact amount Rudy Giuliani is currently paid by the MEK for speaking at or attending their rallies is not publicly disclosed in recent information. However, past reports and legal filings provide insight into his compensation from the group.

Families of Iranian victims of terrorism protest Italian support for MKO

August 9, 2025

The families of Iranian victims of terrorism have issued an open letter to Italy’s judiciary and top lawmakers, condemning the reception given to the ringleader of the Mojahedin-e Khalq Organization (MKO) during her visit to Rome on July 30.

The letter, sent by the Habilian Association, which represented over 23,000 victims of terrorism, denounced the support shown by several Italian politicians and parliamentarians for the MKO, a group with a long history of violence and acts of terrorism.

The letter outlined the MKO’s record, including its collaboration with former Iraqi dictator Saddam Hussein during the Iran–Iraq War and its involvement in attacks on Iranian and Iraqi civilians, which resulted in thousands of deaths.

Although the MKO was removed from the EU’s terrorism list in 2009, the letter said the group remained implicated in money laundering, internal human rights violations, and continued acts of sabotage in Iran through its so-called “rebellious units.”

The letter stated that the MKO’s former ringleader, Massoud Rajavi, had repeatedly incited armed violence against both military and civilian targets in Iran.

The West's 'democratic alternative' tortured my sister to madness

A look at the life of one of MEK's countless victims, and the crimes the West is brushing off

August 3, 2025

Masoumeh Chaheh was 24 when she showed up at her family's door in southern Tehran – bruised, scratched, and dishevelled. She couldn't form coherent sentences about where she had been the past few years. "We were all shocked. We kept asking her what had happened, but she couldn't explain anything. She just screamed, cried, and zoned out," said Leila, Masoumeh's younger sister, one of the first to find her in that state. "We didn't know what to do. She kept running away, and eventually, we lost contact with her again."

After fleeing home, Masoumeh was picked up by police while wandering Tehran's streets. She eventually ended up in a psychiatric facility, where her family was notified of her whereabouts. "When she was still home, she used to mumble an anthem. We later found out it belonged to the Mojahedin-e-Khalq (MEK)."

.....

Masoumeh's story is not unique. Before the West attempts to promote a terrorist outfit as a "democratic group", similar to how it rebranded the Hayat Tahrir al-Sham (HTS) terrorists in Syria, it must reckon with dozens like her. Future Tehran Times reports will ensure they are not forgotten.

Sexual abuse in the MEK

Female ex-member speaks of sexual and psychological abuse in the MEK

August 11, 2025

Cult leaders use a wide range of deceptive tactics to exert sexual and psychological control over their female followers. They often exploit women's vulnerabilities and create an environment of dependency and fear.

.....

According to The Intercept, when she first spoke out against the group, current members requested a meeting. They offered her several thousand euros not to criticize the group, which Sima says she declined.

The darkest night for an MEK child soldier

August 30, 2025

Amir Yaghmai, former child soldier of the Mujahedin-e Khalq recounts of one of his most traumatic memoirs of his involvement with the MEK which he considers as “one of the most painful and deepest scars” in his life. That was the night that MEK’s top commanders tortured him and his mother because he had asked to leave the group.

On the eve of the American invasion to Iraq in 2003, Massoud Rajavi, called all members of Camp Ashraf to gather in a large hall. “He began by describing the sensitive political situation at the time and the serious threat posed by the United States against Iraq,” Amir Yaghmai writes in his memoirs. “He then said that in these circumstances, MEK members must maintain their focus and no longer be involved in the issue of defection or “cutting off” of individuals. Therefore, each member must sign a new contract in which he undertakes not to ask for leaving the group for the next two years.”

Amir was shocked. He had wanted to leave the MEK for years but hadn’t been able to. “Each time I had been forced to sign different contracts for different reasons,” he writes. However, this time, the matter was more serious than ever. Massoud Rajavi was officially ordering members to stay in the isolated Camp Ashraf. “You were supposed to keep your mouth shut for two years, not to express a single doubt.”

Amir told himself: “I won’t sign! They can do whatever they want! Take me to a confession session, quarantine me for two years, send me to Abu Ghraib prison, or hand me over to the regime! It doesn’t matter! I can’t take it anymore.”
